*	e of filing in State Engineer's Office AUG 1 9 1980					
	arned to applicant for correction					
	rected application filed OCT 2 9 1980					
Мар	OCT 2 9 1980					
	Droccon Industrias Inc					
	The applicant Dresser Industries, Inc.					
•	P.O. Box 1937 , of Elko Street and No. or P.O. Box No. City or Town					
	Nevada 89801, hereby make Sapplication for permission to appropriate the public					
wate	ers of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorpora-					
tion	; if a copartnership or association, give names of members.) Incorporated in Delaware					
	on April 23, 1956:					
1.	The source of the proposed appropriation is underground (Well No. 4) Name of stream, lake, spring, underground or other source					
2.	The amount of water applied for is					
	One second-foot equals 448.83 gals, per min. (a) If stored in reservoir give number of acre-feet					
•	The water to be used for milling, mining and domestic					
3.	Irrigation, power, mining, manufacturing, domestic, or other use. Must finit to one use.					
4.	If use is for:					
(a) Irrigation, state number of acres to be irrigated:						
	(b) Stockwater, state number and kinds of animals to be watered:					
	(c) Other use (describe fully under "No. 12. Remarks"					
	(d) Power:					
	(1) Horsepower developed					
	(2) Point of return of water to stream					
_						
5.	The water is to be diverted from its source at the following point: Within the NE's SE's, Sec. 10. Describe as being within a 40-acre subdivision of public					
	T.12N., R.46E., M.D.B.&M., at a point from which the NE corner of Section 2, survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.					
	T.12N., R.46E. bears North 37039'42"East, a distance of 10,921.78 feet.					
6.	Place of use portions of the W1 SW2, SW2, SW2 NW1 Sec. 27; S1 and S1 N3 Sec. 28; Describe by legal subdivision. If on unsurveyed land, it should be so stated.					
	SE% SE% Sec. 32; E%, E% W%, SW% SW% Sec. 33, all of Section 34, all within					
	T.13N., R.46E., M.D.B.&M. and within the NE% NE% Sec. 5; the N½, N½ SW%,					
	NW¼ SE¼, Sec. 4; the ₩½ NW¼ Sec. 3; all within T.12N., R.46E., as more					
	particularly set forth on the supporting map.					
_						
	Use will begin about January 1 and end about December 31 , of each year. Month and Day Month and Day					
8.	Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and					
	specifications of your diversion or storage works.) Drilled and cased well, pump, motor, State manner in which water is to be diverted, i.e. diversion structure, ditches and					
	and distribution system flumes, drilled well with pump and motor, etc.					
9.	Estimated cost of works \$50,000.00					

10.	Estimated time required to construct works. Four years If well completed, describe works.							
11.	Estimated time required to complete the application of water to beneficial use Five years							
12.	Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.							
	The total duty from this well, together with the other wells of							
	Applicant will not exceed 1,000 gallons per minute, 24 hours per day,							
365 days per year.

	APPROVAL OF STATE ENGINEER							
follo	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the owing limitations and conditions:							
This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins or before the Proof of Completion of Work is filed. This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. The total combined duty of water under this permit and Permits 42115, 42116, 42117, 42481, 42482, and 42483 shall not exceed 525.6 million gallons annually. (CONTINUED ON PAGE 2)								
The	amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and							
not	to exceed							
<u></u>	353.87 million gallons annually.							
	rk must be prosecuted with reasonable diligence and be completed on or before November 18, 1983							
	of of completion of work shall be filed before							
App	olication of water to beneficial use shall be made on or before							
Proc	of of the application of water to beneficial use shall be filed on or before December 18, 1986							
Мар	o in support of proof of beneficial use shall be filed on or before							
Com	pletion of work filed							
Proc	State Engineer of Nevada, have hereunto set my hand and the seal of of beneficial use filed

(PERMIT TERMS CONTINUED)

This permit is issued under the preferred use provisions of NRS Chapter 534. The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the ground water basin.
